

DECEMBER 2004

ISRI PAC

ISRI PAC is a non-partisan political action committee that contributes funds to the election and re-election campaigns of candidates for the U.S. House of Representatives and the U.S. Senate who have assisted with the scrap recycling industry's legislative agenda or have an interest in the scrap recycling industry.

The success of ISRI PAC helps ISRI communicate its priorities to policymakers through a strong presence on Capitol Hill. ISRI PAC's 2005 goal is to strengthen its fundraising efforts and member involvement programs through improved communications.

ISRI PAC Leadership Council

The ISRI PAC Leadership Council (PLC) was created in order to ensure that ISRI has a viable and sustainable Political Action Committee that adequately supports ISRI's legislative goals. The PLC is composed of ISRI members and is charged with establishing PAC policy, fundraising goals, and helping to facilitate communication between ISRI members and staff.

The PLC has established the following goals for ISRI PAC in 2005:

- Increase the number of authorized ISRI PAC member companies;
- Prior to the 2005 Convention, raise \$100,000 through the ISRI Reverse Raffle; and
- Broaden awareness of, and support for, ISRI PAC.

ISRI PAC Chapter Liaisons

In addition to the establishment of the PLC, each ISRI chapter has appointed at least one person to serve as a liaison to the PLC. The liaisons are charged with helping educate chapter members about the existence of ISRI PAC and with increasing the number of member companies that are authorized to be solicited by ISRI PAC. The liaisons will also be working with the PLC in developing and implementing educational and fundraising programs.

Reverse Raffle

The Reverse Raffle began at the 2001 ISRI Convention in San Antonio and is ISRI PAC's annual fundraising activity. The 2005 Reverse Raffle consists of selling 1000 tickets at \$100 per ticket. The 2005 raffle will be held during the ISRI Convention in New Orleans in April 2005. The Grand Prize will be either \$30,000 or a 2005 Jeep Wrangler.

Tickets are currently being sold and may be purchased by employees of an authorized ISRI PAC company. Please contact your chapter liaison for more information and to purchase your tickets.

Two Early Raffles with \$500 Prizes

In addition to the reverse raffle during the convention in New Orleans, there will be two separate early drawings on February 1st and March 1st. Each of these early raffles has a \$500 prize. All names will then be re-entered for the reverse raffle in New Orleans.

However, only those tickets sold prior to the early drawing dates will be included in the early drawings.

Additionally, ticket payments must be made prior to the drawing date for those tickets to be included in the early drawings.

Results of ISRI PAC Reverse Raffles

- 2001 - \$19,000 prize won by the *employees* of Tennessee Valley Recycling
- 2002 - \$30,000 prize won by Bill White of Joseph Krentzman & Sons of Pennsylvania
- 2003 - \$30,000 prize won by Richard Lodgek of Bay Bridge Enterprises of Virginia
- 2004 - \$30,000 prize won by the *employees* of Solomon Metal Corporation of Massachusetts

Recycling Industry Caucus

ISRI will work to establish a Congressional Recycling Industry Caucus in January for the upcoming Congressional session.

A Recycling Caucus will play a vital role in enabling ISRI to raise the awareness of the scrap recycling industry with Members of Congress regarding ISRI's priority issues including the environment, the economy, and international trade, among other issues.

Moreover, a caucus will provide ready access to members and their staffs to better enable ISRI to communicate our concerns. A caucus also demonstrates our ability to build a coalition of bi-partisan support in Congress which will be essential to our success in the 109th Congress.

ISRI PAC will play a vital role in helping to establish a successful caucus by providing financial assistance to those members who have demonstrated a willingness to understand our issues and help ISRI achieve our legislative goals.

New ISRI PAC Manager

ISRI has brought aboard Billy Johnson to help strengthen ISRI PAC. He will be working with the PAC Leadership Council and Liaisons to achieve the 2005 ISRI PAC goals. Billy's other responsibilities are improving ISRI's grassroots program (GRIP) and working to expand the state legislative and regulatory program. Billy received his Masters in Public Administration in environmental policy from Virginia Polytechnic Institute.
